

# Highway Song

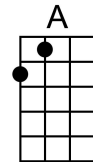

Patty Griffin and Robert Plant

**D A G A**  
*//// //* **X2**

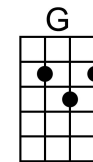

**D A G A**  
 Stars fall out of the sky, my love  
**D A G A**  
 One by one as the years go by  
**D A G A**  
 And one by one, all the ghosts in the night  
**D A G A**  
 Whisper my name and fly away

**D A**  
 I don't wait for their return  
**D A A**  
 I don't wait for their return

**D A G A**  
 Across the miles a golden flood  
**D A G A**  
 Reaching far into the night  
**D A G A**  
 In the dust of every highway song  
**D A G A**  
 I whisper your name and fly away

**G A**  
 I will wait for your return  
**G A**  
 I will wait for your return

**D A G A**  
*//// //* **X2**

**G A**  
 I will wait for your return  
**G A D**  
 I will wait for your return /
