Raindrops, they hamper my vision, falling down and cutting incisions,

**D<sup>7</sup>**                                      **G**                                      **D<sup>7</sup>**  
In my mind, while we sail away our time

**G**  
Blow makani, shout jubilation, carry us down to our destination

**D<sup>7</sup>**                                      **G**                                      **D<sup>7</sup>**  
O wikipiki, a keala Tahiti

**G**  
Millions of stars up in the sky, Looking up they all make us high,

**D<sup>7</sup>**                                      **G**  
But Hokule'a,                      Star of Gladness (*you're the happy star*)  
                                             (*Hokule'a*)

**D<sup>7</sup>**                                      **G**  
Oh, Hokule'a, Star of Gladness

**G**  
Stand beside me and be my friend, make me smile and laugh again

**D<sup>7</sup>**                                      **G**  
Yes Hokule'a,                      Star of Gladness (*you're the happy star*)  
                                             (*Hokule'a*)

**D<sup>7</sup>**                                      **G**                                      **G<sup>7</sup>**  
Hokule'a, Star of Gladness

**C**                                      **G**                                      **G<sup>7</sup>**  
Lift your bow, your hull slides through the sea

**C**                                      **G**  
Guide Hokule'a, Lord we ask you please

**D<sup>7</sup>**                                      **G**  
In this we pray, Lord to show us the way
