G G F F G

G F F

Love is but a song we sing, and fear’s the way we die

G F F

You can make the mountain’s ring, or make the angels cry

G F F

Though the bird is on the wing, and you may not know why

C

C’mon people now,

D

Smile on your brother

G

Everybody get together

C D G G

Try to love one another right now

G F F

Some will come and some will go, we shall surely pass

G F F

When the one that left us here, returns for us at last

G F F

We are but a moment’s sunlight, fading in the grass
C’remon people now,

D
Smile on your brother

G
Everybody get together

C               D                G
Try to love one another right now

G
If you hear the song I sing, you will understand

G
You hold the key to love and fear, in your trembling hand

G
Just one key unlock them both, it’s there at your command

C’remon people now,

D
Smile on your brother

G
Everybody get together

C               D                G
Try to love one another right now

C’remon people now,

D
Smile on your brother

G
Everybody get together

C               D                G
Try to love one another right now

C               D                G       G
Try to love one another right now

C              D                G
Try to love one another right now
