Highway Song

Patty Griffin and Robert Plant

G  D  C  D  X2

G  D  C  D
Stars fall out of the sky, my love
G  D  C  D
One by one as the years go by
G  D  C  D
And one by one, all the ghosts in the night
G  D  C  D
Whisper my name and fly away

C  D
I don’t wait for their return
C  D
I don’t wait for their return

G  D  C  D
Across the miles a golden flood
G  D  C  D
Reaching far into the night
G  D  C  D
In the dust of every highway song
G  D  C  D
I whisper your name and fly away

C  D
I will wait for your return
C  D
I will wait for your return

G  D  C  D  X2

C  D
I will wait for your return
C  D  G
I will wait for your return
