F           D^m          B^b              C
Don't know much about history, don't know much biology.

F           D^m
Don't know much about a science book,

B^b              C
Don't know much about the French I took.

F           B^b
But I do know that I love you,

F           B^b
And I know that if you love me too;

C           F           B^b           F
What a wonderful world this could be.  //  //  ///

F           D^m           B^b           C
Don't know much about geography, don't know much trigonometry.

F           D^m
Don't know much about algebra,

B^b           C
Don't know what a slide rule is for.

F           B^b
But I do know one and one is two,

F           B^b
And if this one could be with you;

C           F           B^b           F
What a wonderful world this could be.  //  //  ///.....
C       F
Now I don't claim to be an 'A' student,
C       F
But I'm tryin' to be.

G7       F
But maybe by being an 'A' student, baby,
G7       C7
I could win your love for me.
